GOVERNOR

TO: Chuck Rychen
Assistant Chief Engineer of Operations

FROM: Brad Freeze, Director of Traffic Operations

SUBJECT: Proprietary Item Request and Justification
City Of Lewisburg
Traffic Signal Controllers

The City of Lewisburg is requesting the use of Eagle Controllers on all traffic signal projects within the City limits as they are designed and bid. The following are justifications for this request.

- 1) Allowing the use of the requested controllers will facilitate synchronization with the City's current network of signal equipment. The City of Lewisburg currently has seventeen (17) signalization intersections and fifteen (15) of these intersections currently have the Eagle Controllers in operation.
- 2) The city's technicians as well as the signal maintenance contractor are trained in the operation and maintenance of this brand of controller and the continued use of this equipment will allow the city to maintain their level of service and efficiency.

Coordination of this request can be done through: Randall Dunn, City Manager, (931) 359-1544.

I, Brad Freeze, Director of the Traffic Operations Division of the Tennessee Department of Transportation, do hereby certify that in accordance with the requirements of 23 CFR 635.411 (a) (2) that the patented or proprietary item listed above is essential for the synchronization with existing facilities.

Recommended for Approval

RE: Request for Proprietary Traffic Signal Product Certification - Eagle Controllers

Dear Mr. Moss,

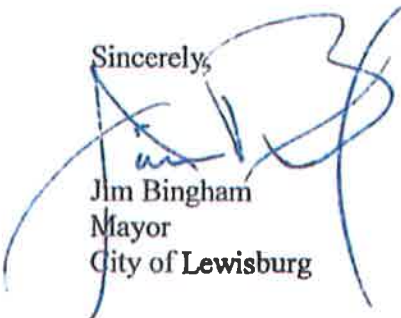

The City of Lewisburg would like to request the use of Eagle Controllers on all traffic signal projects within in the City. Lewisburg currently has seventeen (17) signalized intersections located within the city limits and fifteen (15) of these currently have the Eagle Controllers in operation.

Our technicians as well as the signal maintenance contractor are trained in the operation and repair of these controllers and the continued use of this equipment will allow us to maintain our level of service and efficiency.

Approval of the requested equipment within the City of Lewisburg will result in more efficient and cost effective operation and maintenance of our traffic signals.

Please feel free to call or email if you have questions or need additional information.

Sincerely,

Jim Bingham
Mayor
City of Lewisburg
